

Specified Penalty Listing

as of April 15, 2020 includes Court Calendar dates for 2020-21

Introduction

- The contents of this booklet consist primarily of a listing of all offences under the Statutes and Regulations of Alberta having specified penalties prescribed under the *Procedures Regulation* (AR 63/2017, as amended). In addition, specified penalties are set out for offences under the *Alberta Fishery Regulations, 1998* pursuant to the *Fisheries Act (Canada)*. Also included are offences under the Statutes and Regulations where the ticket issued requires a mandatory court appearance and no specified penalty option may be exercised.
- The listing is intended to be used as a reference document only. It includes:
 1. a reference to the section, subsection, etc., of the Statute or Regulation that creates the offence;
 2. a summarized wording of the particulars of the offence;
 3. the combined amount of the specified penalty and any applicable surcharge under the *Victims of Crime Act*, or the court appearance requirement (C).
- Any offence for which a specified penalty of \$1000 or less is prescribed must be charged using a Part 3 violation ticket (Offence Notice).
- An exception to this requirement continues to be when an officer, in his or her discretion, determines it is in the public interest to issue a Part 2 violation ticket (Summons) for the specified penalty offence. Section 4 of the *Procedures Regulation*, which sets out the factors an officer must consider in determining whether it is in the public interest to issue a Part 2 ticket, includes a factor – *whether the defendant's operator's licence is an out-of-province operator's licence*. Section 4(4) of the *Procedures Regulation* affirms a peace officer's discretion to use other appropriate measures instead of issuing a violation ticket.

IMPORTANT:

- A Part 2 ticket issued in the public interest **must** require the defendant to appear in court unless it was issued because the defendant's operator's licence is an out-of-province licence, in which case it may give the defendant the option of voluntarily paying the specified penalty.

PLEASE NOTE: This listing has no legislative sanction and is not intended to take the place of the Statutes and Regulations from which it is derived. Though all attempts have been made to ensure that the listing is accurate and up-to-date, the user is referred to the source legislation for purposes of interpreting and applying the law.

- The summarized wording of the particulars of each offence may include alternatives. Each pair or group of alternatives is identified by a "/". In addition, a small number of often-used words have been abbreviated to conserve space.
- In accordance with section 10 of the *Youth Justice Act*, a notice is required to be given to the parent of a young person to whom a ticket is issued **under Part 2** of the *Provincial Offences Procedure Act*
 1. if the ticket requires a mandatory court appearance,
 2. if the ticket is for an offence under the *Gaming, Liquor and Cannabis Act*, or
 3. if the young person fails to make the prescribed voluntary payment.

98(3)	Boulder not in crib/deck as specified	810
98(4)	Narrow end/tapered end of boulder not facing forward	486
99(1)	Fail to use chains to secure boulder	810
99(2)	Tiedowns not located as specified on boulder	486
100(1)	Each cubic shaped boulder not secured by 2/more tiedowns as specified	810

Cargo Securement Standard

(Adopted by and forming part of the Commercial Vehicle Safety Regulation (AR 121/2009))

A ticket issued for any offence under this Standard that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
100(2)	Non-cubic shaped boulder not secured by 2/more tiedowns as specified	810
100(3)	Non-cubic shaped boulder w/ unstable base not secured as specified	810

Schedule 1 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
1(2)	No attached Compliance Label/National Safety Mark	324
1(4)	Operate a modified comm. veh. that does not conform to original Compliance Label w/o new Compliance Label/certification certif.	324
2	Operate comm. veh. w/o VIN/ID no./acceptable no. or mark that matches certif. of registration	324
3(2)	Slow moving veh. sign not displayed	324
3(3)	Slow moving veh. sign not complying with requirements as specified	324
4(2)(a)	Operate comm. veh. w/o 2 advance warning triangles	324
4(2)(b)	Operate school bus w/o 3 advance warning triangles	324
4(3)	Fail to produce advance warning triangles to peace officer	324
5(1)(a)	Operate comm. veh. with = 5000 L tank/hwy. tank for flammable liquids/gas w/o reflectorized surfacing as specified	324
5(1)(b)	Operate comm. veh. with = 5000 L tank/hwy. tank for flammable liquids/gas w/o letters in black and size as specified	324

Schedule 1 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
5(1)(c)	Operate comm. veh. with = 5000 L tank/hwy. tank for flammable liquids/gas w/o stroke width of letters as specified	324
5(1)(d)	Operate comm. veh. with = 5000 L tank/hwy. tank for flammable liquids/gas w/o Series B Lettering as specified	324
5(1)(e)	Operate comm. veh. with = 5000 L tank/hwy. tank for flammable liquids/gas w/o overall dimensions of lettering as specified	324
5(1)(f)	Operate comm. veh. with = 5000 L tank/hwy. tank for flammable liquids/gas w/o letter formatting as specified	324
5(2)	Marking on comm. veh. not clean/visible	324
6(1)	Operate comm. veh. with axle lifted in manner not as specified	324
6(2)	Use temporary device not complying with conditions to secure axle off ground	324
7(1)(a)	Operate single axle trailer carrying tank with capacity of = 3000 L of flammable liquids	324
7(1)(b)	Operate single axle trailer carrying tank with capacity of = 450 L of flammable gas	324

Schedule 1 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
8	Operate comm. veh. at speed/with load greater than prescribed tire rating	324
9(1)	Operate comm. veh. w/o prescribed info. on sides of veh.	324
9(2)	Info. on comm. veh. not in contrasting colour	324
9(3)	Operate comm. bus with words/symbols indicating veh. is a school bus	324
10	Operate bus – obstructed/locked emergency exit	324
11(a)	Operate bus – inside/outside of bus with projections likely to cause injury	324
11(b)	Operate bus – inside bus/bus windows not clean/sanitary	324
12	Operate right hand drive veh. as bus	C
13(1)(a)	Operate bus with greater no. than seating capacity	162
13(1)(b)	Operate bus with object extending beyond width/height of bus	324
13(1)(c)	Operate bus with attached trailer	324
14	Transport fuel except in fuel system/bus tank	324
15(1)	Operate bus with luggage/cargo/goods/equipment/tools not in adequate place	324

Schedule 1 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
15(2)(a)	Place for luggage/cargo/goods/equipment/tools interfere with free access to exits	324
15(2)(b)	Place for luggage/cargo/goods/equipment/tools not constructed to prevent items from falling on/against passenger	324
15(2)(c)	Place for carrying luggage not protecting luggage from dust/moisture	324
16(1)(a)	Operate bus w/o prescribed safety kit	324
16(1)(b)	Operate school bus w/o prescribed first aid kit	324
16(2)	First aid kit not accessible to driver	324
17(1)	Operate bus w/o fire extinguisher	324
17(2)(a)	Fire extinguisher on bus not to prescribed standard	324
17(2)(b)	Fire extinguisher on school bus not to prescribed standard	324
17(3)(a)	Stored pressure design fire extinguisher not equipped with pressure gauge/indicator	324
17(3)(b)	Cartridge operated design fire extinguisher not permit visual inspection of gas cartridge seal/agent container	324
17(4)(a)	Fire extinguisher not charged	324

Schedule 1 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
17(4)(b)	Fire extinguisher not located in specified location	324
17(4)(c)	Fire extinguisher not mounted in manner as specified	324
17(5)(a)	Fire extinguisher not stored in compartment that displays words as specified	324
17(5)(b)	Fire extinguisher stored in locked compartment/require tools to open	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
1(1)(a)	Bumper/fender/moulding/other part are missing/corroded/not securely mounted/broken/bent/have sharp edges	324
1(1)(b)	Mud flap/mud guard/splash shield not in proper position	324
1(1)(c)	Hood latch missing/not hold hood securely	324
1(1)(d)	Tilt cab latch missing/not hold cab securely	324
1(1)(e)	Safety catch of front hood latch/tilt cab latch missing/not operate smoothly	324
1(1)(f)(i)	Seat not securely mounted	324
1(1)(f)(ii)	Seat cushion/padding missing/torn/worn	324
1(1)(f)(iii)	Seat not retain position/adjustment	324
1(1)(g)(i)	Main door/emergency door/roof hatch not securely fastened to body	324
1(1)(g)(ii)	Main door/emergency door/roof hatch not function properly	324
1(1)(g)(iii)	Main door/emergency door/roof hatch not equipped w/ lock/latch/spring device	324
1(1)(g)(iv)	Main door/emergency door/roof hatch have missing/loose/torn materials	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
1(1)(h)	Sun visor not securely mounted/not maintain set adjustment	324
1(2)(a)	Door control not operate smoothly/seals not in good condition	324
1(2)(b)	Seating capacity exceeds manufacturer's designated seating capacity	324
1(2)(c)	Floor pan perforated/exhibit structural damage	324
1(2)(d)	Engine compartment door not latched securely	324
1(2)(e)	Floor/stepwell coverings not in good condition/have loose/sharp edges	324
1(2)(f)	Baggage rack/package-retaining component not securely mounted/broken/worn	324
1(2)(g)	Stanchion/grab handle/guard rail/guard panel not securely mounted/w/ missing fastening parts	324
1(2)(h)	Material on stanchion/guard rail/seat backs missing/torn/damaged	324
1(2)(i)	Emergency exit not open freely/close securely from inside bus	324
1(2)(j)	Emergency exit not open freely/close securely from outside bus	324
1(2)(k)	Emergency exit warning device not function	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
1(2)(l)	Emergency exit markings not adequate/displayed	324
1(2)(m)(i)	Exterior compartment doors not securely attached	324
1(2)(m)(ii)	Exterior compartment doors not function properly	324
1(2)(m)(iii)	Exterior compartment doors not equipped w/ lock/latch/spring device	324
1(2)(m)(iv)	Exterior compartment doors have missing/broken/frayed counterbalance cables	324
1(2)(n)	Interlock system/braking system/master override control not functioning for separate exit door	324
2(a)	Chassis frame/subframe member cracked/perforated by corrosion/exhibit structural damage/deformation	324
2(b)	Chassis frame/subframe connecting fasteners missing/loose	324
3(a)	Structural member of body frame cracked/exhibit structural damage/deformation	324
3(b)	Structural member of body frame perforated by corrosion	324
3(c)	Structural member of body frame missing	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
3(d)	Connecting fasteners on body frame missing/loose/corroded	324
4(a)	Subframe member on sliding subframe cracked/perforated by corrosion/exhibit structural damage/deformation	324
4(b)	Locking devices on sliding subframe missing/cracked/inoperable	324
4(c)	Lock pin on sliding subframe missing	324
4(d)	Stops on sliding subframe missing/cracked	324
5(2)(a)	Underbody w/ perforations/structural damage/deformation	324
5(2)(b)	Underbody w/ openings not designed by manufacturer	324
6(a)	Fasteners/hanger brackets/drive shaft guards missing/loose/damaged	324
6(b)(i)	Drive shaft/universal joints damaged	324
6(b)(ii)	Drive shaft/universal joint have loose/missing/damaged bolts/retainers	324
6(c)	Universal joints loose/show free play	324
6(d)	Drive shaft slip yoke/stub shaft splines/centre bearings worn in excess	324
7(1)(a)	Mirror not securely mounted/maintain set adjustment	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
7(1)(b)	Mirror w/ significant alteration in reflective surface	324
7(1)(c)	Opaque material/other material fitted on windshield/2 front side windows	324
7(1)(d)(i)	Glazing material crazed/discoloured/fogged	324
7(1)(d)(ii)	Glazing material w/ exposed sharp edges	324
7(1)(d)(iii)	Glazing material part missing	324
7(1)(d)(iv)	Glazing material w/ cracks affecting both layers of glass	324
7(1)(e)(i)	Windshield w/ cracks affecting both layers of glass	324
7(1)(e)(ii)	Windshield w/ edge to edge crack	324
7(1)(e)(iii)	Windshield w/ intersecting crack in specified area	324
7(1)(e)(iv)	Windshield w/ crack/star chip > 25 mm diameter in specified area	324
7(1)(f)	Left window unable to open from inside	324
7(2)(a)	Emergency window not operate smoothly/seals not in place/good condition	324
7(2)(b)	Directions not displayed on/adjacent to emergency window as specified	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
7(2)(c)	Emergency warning device on window not functioning	324
7(2)(d)	Banding on safety glass missing/loose/broken	324
8(a)	Mounting/attachment of fuel tank/fuel lines missing/not secured	324
8(b)	Fuel tank/fuel line not protected from abrasion/damage	324
8(c)	Filler cap missing/not secure	324
8(d)	Fuel system leaking	324
8(e)	Pressurized fuel system not meeting applicable standards as specified	324
9(2)(a)	Exhaust system component missing/perforated/patched/insecurely mounted	324
9(2)(b)	Exhaust system closer than 50 mm to wiring/fuel or brake component part/unprotected combustible material	324
9(2)(c)	Exhaust system component passing through occupant compartment	324
9(2)(d)	Exhaust system designed/situated to allow person to be burnt by a component	324
9(2)(e)	Exhaust system leak	324
9(2)(f)	Shortened/modified exhaust system fails to direct outlet as specified	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
10(a)	Brake drum/disc w/ crack on friction surface	324
10(b)	Brake drum fastener missing/loose	324
10(c)	Parking brake friction material broken/cracked/worn thinner than specified	324
10(d)	Brake drum/disc w/ mechanical damage to friction surface	324
10(e)	Ventilated disc w/ broken/cracked cooling fins	324
10(f)	Inside diameter of brake drum greater than dimension stamp/manufacture's wear limit	324
10(g)	Brake disc thickness less than dimension stamp/manufacture's wear limit	324
10(h)	Bonded lining thinner than 1.6 mm	324
10(i)	Riveted lining surface too close to rivet head	324
10(j)	Riveted lining thinner than 3.2 mm	324
10(k)	Air brake's riveted lining thinner than specified	324
10(l)	Bonded brake pad thinner than specified	324
10(m)	Riveted brake pad of air brake system thinner than specified	324
10(n)(i)	Brake lining/pad cracked/broken loose	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
10(n)(ii)	Brake lining/pad show evidence of contamination	324
10(n)(iii)	Brake lining/pad worn to manufacturer's visual wear indicator	324
10(n)(iv)	Brake lining/pad worn beyond specified dimensions	324
10(n)(v)	Worn brake lining/pad indicating defective drum/disc/caliper/shoe	324
10(o)	Brakes adjusted w/ brake drag	324
10(p)	Self-adjusting brake not maintained/operating properly	324
11(2)(a)	Brake system w/ hydraulic/vacuum leak	324
11(2)(b)(i)	Hose/tubing abraded/restricted/crimped/bulged/ cracked/broken/disconnected	324
11(2)(b)(ii)	Hose/tubing rubs against veh.	324
11(2)(b)(iii)	Hose/tubing damaged/missing clamps/supports	324
11(2)(c)	Brake hose/tubing indicates leakage/heavy corrosion scaling	324
11(2)(d)	Hydraulic fluid level lower than specified	324
11(2)(e)	Brake pedal not move as specified in a power-boosted hydraulic brake system	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
11(2)(f)(i)	Electrically driven hydraulic pump in reserve power system not start/run	324
11(2)(f)(ii)	Brake pedal in hydraulically-boosted hydraulic brake not move as specified	324
11(2)(g)	Air cleaner of vacuum system/air compressor clogged	324
11(2)(h)	Hydraulic brake cylinder show evidence of leak	324
11(2)(i)	Hydraulic brake piston fail to move	324
12(a)	Insufficient mechanical/structural part of brake/parking brake system component misaligned	324
12(b)	Grease retainer missing/leaking	324
13(a)	Service brake in brake pedal assembly of hydraulic brake not move w/i manufacturer's specification	324
13(b)	Brake pedal pad in brake pedal assembly of hydraulic brake worn out or not present/secure	324
13(c)	Brake pedal anti-skid surface in hydraulic brake assembly is worn	324
13(d)	Pedal/other components in hydraulic brake assembly binds/causes high friction	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
13(e)	Pedal lever assembly in hydraulic brake not aligned/positioned as specified by manufacturer	324
13(f)	Total pedal travel exceed 80% total available travel	324
13(g)	Foot force applied to pedal of power-boosted braking system is not light	324
13(h)	Hydraulic master cylinder push rod not properly adjusted/aligned	324
13(i)	Brake failure warning lamp not operate as specified	324
13(j)	Vacuum gauge not operative	324
13(k)	Low vacuum warning device not operate when engine stopped & ignition “on”	324
14(a)(i)	Hoses/tubes/connections in air brake system leak/restricted/abraded/crimped/bulged /cracked/broken	324
14(a)(ii)	Hoses/tubes/connections in air brake system rub against veh. part	324
14(a)(iii)	Hoses/tubes/connections in air brake system have damaged/missing clamps or supports	324
14(a)(iv)	Hoses/tubes/connections in air brake system have connections w/ non-standard field repair evidence	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
14(b)	Air safety valve not operate as specified by manufacturer	324
14(c)	Tractor protection valve not maintain air in power unit air system	324
14(d)	Air parking/emergency system not fully apply brakes on application/release positively	324
14(e)(i)	Compressor drive belt not adjusted to specified tension	324
14(e)(ii)	Compressor drive belt cut/frayed/worn	324
14(f)	Air pressure gauge not operative	324
14(g)	Air pressure from 350 to 600 kPa exceeds 3 minutes	324
14(h)	Air reservoir drain valve not function properly	324
14(i)	Governor cut in pressure lower than 560 kPa/cut out pressure higher than 945 kPa	324
14(j)	Compressed air reserve not sufficient as specified	324
14(k)(i)	w/ brake released, air pressure drop exceeds 2 psi per min on single unit/3 psi per minute on combination	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
14(k)(ii)	w/ brake fully applied, air pressure drop exceeds 3 psi per minute on single unit/4 psi per minute on combination	324
14(l)	Low pressure warning device not operate when system pressure reduced to 382 kPa	324
15(a)	Applied parking brake not hold veh. stationary against engine as specified	324
15(b)	Parking brake not fully released while in “off” position	324
15(c)	No available reserve travel when mechanism in fully applied position	324
16(2)(a)	Veh. not equipped w/ brake system acting on all wheels	324
16(2)(b)	Veh. pulls to right/left when brake applied	324
16(2)(c)	Brake not release immediately when pressure released	324
16(2)(d)	Brake performance not w/i specifications	324
17(a)	Engine speed does not drop to idle when accelerator pedal released	324
17(b)	Engine does not stop when control actuated	324
18(a)	Steering column/box loose in mountings	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
18(b)	Bolt or nut loose/missing from mounting	324
18(c)	Steering shaft/spline not secured as specified	324
18(d)	Steering column's energy-absorbing section damaged	324
18(e)	Power steering drive belt missing/cut/frayed/worn	324
18(f)	Power steering reservoir's fluid lower than minimum level	324
18(g)(i)	Power steering system not operating when engine is running	324
18(g)(ii)	Hydraulic system shows active fluid leakage when engine is running	324
19	Wheels not aligned	324
20(2)(a)(i)	C-dolly steering system's operation binds/jams during cycle	324
20(2)(a)(ii)	C-dolly steering stops missing/improperly adjusted	324
20(2)(b)	C-dolly steering system's yaw dampening diaphragm missing/inoperable/leaking	324
20(2)(c)(i)	C-dolly steering lock missing/inoperable	324
20(2)(c)(ii)	C-dolly steering lock not centred in "zero" locked position	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
20(2)(c)(iii)	C-dolly steering lock not equipped w/ manual locking system	324
20(2)(d)	C-dolly steering dampers missing/inoperable/leaking	324
20(2)(e)	C-dolly steering system's air pressure regulator missing/inoperable	324
20(2)(f)(i)	C-dolly steering system's air pressure gauge missing/inoperable/inaccurate	324
20(2)(f)(ii)	C-dolly steering system's air pressure gauge not equipped w/ min. design pressure label	324
20(2)(g)	C-dolly not equipped w/ operating plate stating speed which axle locks	324
21(2)(a)	Steering wheel rim's free movement exceeds 30 degrees/designated limit	324
21(2)(b)	Ball and socket joint in steering system has visible play	324
21(2)(c)	Steering mechanism does not move smoothly when turning front wheels	324
21(2)(d)	Excess steering movement not comply w/ standards	324
21(2)(e)	Steering linkage system component loose/damaged	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
21(2)(f)	Steering linkage system component weakened/proper steering affected by field welding repair/modification	324
21(2)(g)	Steering linkage system's nut/bolt/clamp/cotter pin is loose/badly worn/missing	324
21(2)(h)	< 25 mm clearance between steering tire and frame/fender/other part	324
22(a)	Suspension's ball joint has play in excess of specifications	324
22(b)	Suspension's control arm inner pivots have excessive play	324
22(c)	Suspension's wheel/axle bearing have excessive wear/play/binding/damage	324
22(d)	Suspension's shock absorbers are loose/bent/disconnected/missing/damage d/show active fluid leakage	324
22(e)	Suspension's front & rear springs/shackles/ U-bolts/centre-bolts/radius rods/control arms/torque arms/ equalizers/ sway-bars/stabilizers/ supports/attachments are loose/bent/cracked/broken/disconnected / displaced/perforated by corrosion/missing	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
22(f)	Suspension's rear axle/rear axle wheels do not track properly	324
22(g)	Air flows into suspension system before pressure reaches 450 kPa	324
22(h)	Air leakage in suspension system occurs	324
22(i)	Pusher/tag axle in suspension system does not respond as specified	324
22(j)	Veh. body/chassis frame is not supported clear of all axles/appear to be level	324
22(k)	Suspension joints of variable load sharing axle is worn beyond specified limits	324
22(l)	Suspension's air bag/air line is missing/cut/bruised/crushed/leaking/ cracked to braid/mounted insecurely	324
23(a)	Electrical component not secure on mounting	324
23(b)	Horn not functioning as specified by manufacturer	324
23(c)	Electric wiring/trailer cord in contact w/ moving parts/rubbed through insulation/peeled/cut/deteriorated	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
23(d)	Battery not securely mounted/loose/missing/has hold downs missing	324
24(a)	Windshield washer system does not function as specified	324
24(b)	Wiper arm/blade assembly does not sweep specified area	324
24(c)	Windshield wiper system parts not in place/not in condition	324
25(1)(a)	Heating system not functioning as specified	324
25(1)(b)	Visible portions of hoses/piping for interior heaters are abraded/cracked/leaking	324
25(1)(c)	Windshield defroster system does not deliver heat as specified	324
25(2)	Windshield defroster system of bus does not deliver heat as specified	324
26(a)	Neutral safety starting switch missing	324
26(b)	Neutral safety starter operates when not in park/neutral position	324
27(a)	Circuit not light/not activate req'd lamps	324
27(b)	Indicator lamp does not operate as specified	324
27(c)	Circuit interferes w/ other circuit	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
27(d)(i)	Lamp/lens/reflex reflector is missing	324
27(d)(ii)	Lamp/lens/reflex reflector is discoloured	324
27(d)(iii)	Lamp/lens/reflex reflector incorrectly installed	324
27(d)(iv)	Lamp/lens/reflex reflector not securely mounted	324
27(d)(v)	Lamp/lens/reflex reflector not operate as specified	324
27(e)	Lamp covered w/ translucent/opaque material	324
27(f)	Lamp modification reduces effective area of lens/brightness of light	324
27(g)(i)	Headlamp shutter/retracting headlamp does not operate over full range of movement	324
27(g)(ii)	Headlamp shutter/retracting headlamp not secured in open position	324
27(h)	Headlamps not aligned as specified	324
27(i)	Retroreflective markings are damaged/obscured/contaminated and rendered ineffective	324
28(2)(a)	Tire pressure not maintained as specified	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
28(2)(b)	Steering axle tire worn to less than 3.2 mm tread	324
28(2)(c)(i)	Tread wear indicator contacts road	324
28(2)(c)(ii)	Adjacent major grooves have < 1.6 mm tread	324
28(2)(d)	Tire has exposed cord	324
28(2)(e)	Tire has deep cuts/snags that expose cord/affect tire safety	324
28(2)(f)	Tire has abnormal visible bump/bulge/knot	324
28(2)(g)	Tire is regrooved/recut below original groove depth	324
28(2)(h)(i)	Retreaded tire is fitted to steering axle	324
28(2)(h)(ii)	Retreaded tire has peeled surface	324
28(2)(i)	Mounted/inflated tire in contact w/ veh. part	324
28(2)(j)	Tire smaller than minimum size specified	324
28(2)(k)	Veh. fitted w/ both radial ply and bias/belted-bias ply tires contrary to specifications	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
28(2)(l)	Veh. fitted w/ combination of construction types/sizes contrary to specifications	324
28(2)(m)(i)	Dual tires in contact w/ each other	324
28(2)(m)(ii)	Dual tires differ by more than 13 mm diameter/38 mm circumference	324
28(2)(n)(i)	Veh. fitted w/ tire not for hwy. use	324
28(2)(n)(ii)	Veh. fitted w/ tire w/ SL/NHS/TG letters	324
28(3)	Retreaded tire used on single rear axle of bus where rear axle is equipped w/ 2 tires	324
29(a)	Wheel stud/bolt/clamp/lug on axle is loose/missing/damaged/broken/mismatched	324
29(b)	Nut on axle not fully engaged w/ stud	324
29(c)(i)	Disc wheel assembly has visible crack/elongated bolt hole	324
29(c)(ii)	Disc wheel assembly has indication of field welding repair	324
29(c)(iii)	Disc wheel assembly is bent/damaged	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
29(d)	Wheel rim/lock ring is mismatched/bent/sprung/damaged	324
29(e)	Spacer band is bent/sprung/damaged	324
29(f)	Cast wheel in clamp area shows evidence of excessive wear	324
29(g)	Wheel spoke is missing/loose/repaired/welded/broken	324
29(h)(i)	Hub is repaired by field welding	324
29(h)(ii)	Hub is cracked/broken/bent/distorted/worn/ missing	324
29(h)(iii)	Hub shows active leaking lubricant from hub seal/oil cap	324
30(a)	Comm. veh. not properly lubricated	324
30(b)	Comm. veh. has active oil/grease leak	324
31(1)(a)	5th wheel not securely attached to towing veh.	324
31(1)(b)	Positive stops not provided to prevent shifting by fifth wheel secured by U-bolts	324
31(1)(c)(i)	Jaw closure/locking mechanism not in good working order	324
31(1)(c)(ii)	Jaw closure/locking mechanism is worn to exceed 6.4 mm/cracked/broken	324
31(1)(d)	5th wheel plate/fifth wheel saddle is cracked/broken/distorted	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
31(1)(e)	5th wheel plate/5th wheel saddle repaired by welding/heating	324
31(1)(f)(i)	Slider mechanisms do not lock securely	324
31(1)(f)(ii)	Slider mechanisms show signs of failure/being worn	324
31(1)(f)(iii)	Slider mechanisms not equipped w/ stops	324
31(1)(g)	Saddle bushings are worn in excess of specifications	324
31(1)(h)	5th wheel coupling device upper and lower halves can separate w/o positive manual release	324
31(2)(a)	5th wheel couple device upper half's upper plate is loose/cracked/warped	324
31(2)(b)	5th wheel couple device upper half's upper plate king pin is loose/cracked/deformed/has > 3.2 mm wear	324
31(2)(c)	5th wheel coupling device upper half's upper plate king pin repaired by field welding	324
31(2)(d)(i)	5th wheel coupling device upper half's ball bearing turntable is cracked/have loose/missing bolts	324

Schedule 2 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
31(2)(d)(ii)	5th wheel coupling device upper half's ball bearing turntable is worn – upper flange half touches lower flange half	324
32(a)	Trailer hitch/towing structure not securely mounted	324
32(b)	Trailer hitch's latch mechanism does not close securely	324
32(c)	Trailer hitch part is missing/cracked/broken/bent/seized/ worn	324
32(d)	Trailer hitch cast/forged hitch shows repair effected by brazing/field welding	324
32(e)	Connecting device at veh.'s rear is insecurely fastened/missing/cracked/broken/worn	324
33(a)	Rear impact guard is missing/bent/broken	324
33(b)	Rear impact guard has cracked weld	324
33(c)	Rear impact guard is not securely mounted	324

Schedule 3 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
1(a)	Anchorage device of mobility aid securement/occupant restraint device not secure	324
1(b)	Component part of mobility aid securement/occupant restraint device does not operate as intended	324
1(c)	Component part of mobility aid securement/occupant restraint device has apparent damage	324
2(a)	Means of attachment of ramp/lift is not as specified by manufacturer	324
2(b)	Stored ramp/lift not secured as req'd	324
2(c)	Ramp/lift not capable of functioning in specified temperatures	324
2(d)	Ramp/lift function impaired by water/snow/ice/sand	324
2(e)	Guards on sides of lift/ramp platform < 50 mm height/not extend to full length of platform	324
2(f)	Outside guards on lift/ramp platform not clearly marked w/ black and yellow retroreflective diagonal strips	324
2(g)	Protective plate/cover/energy-absorbing material is missing/damage	324

Schedule 3 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
2(h)	Moving parts do not have adequate guards	324
3(a)	More than one control for ramp/lift	324
3(a)(i)	Control for ramp/lift not capable of preventing accidental operation	324
3(a)(ii)	Control for ramp/lift not stored in safe place when not in use	324
3(b)	Control in unsuitable location for operator	324
3(c)	Control not operable using one hand/using continuous pressure	324
3(d)	Manual override device not operate as specified	324
3(e)	Manual override device not accessible to operator/operating procedure notice not posted as specified	324
3(f)(i)	Interlock device of ramp/lift does not prevent bus movement if ramp/lift not stowed/securely closed	324
3(f)(ii)	Interlock device of ramp/lift does not prevent deployment of ramp/lift	324
3(g)	Interlock device of transit bus does not prevent kneeling of bus if lift not stowed/lift door not securely closed/interlocks or systems disengage	324

Schedule 3 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
4	Lift not maintained to enable lifting capacity of 275 kg or more	324
5(1)	Powered closing lift platform folds when 34 kg or more weight on platform	324
5(2)(a)	Lift platform not 725 mm width/1.22 m long	324
5(2)(b)	Lift platform does not have skid-resistant surface/adequate drainage	324
5(2)(c)	Lift platform does not operate smoothly when activated	324
5(2)(d)(i)	Roll stop at inner/outer edges not maintained to be in vertical position when platform lift in lifting/lowering mode	324
5(2)(d)(ii)	Roll stop at inner/outer edges has < 100 mm height in raised position	324
5(2)(d)(iii)	Outer edge roll stop does not retract when platform reaches lower limit of travel	324
5(2)(d)(iv)	Inner edge roll stop does not retract when platform reaches upper limit of travel	324
5(2)(e)(i)	Handrail on side of platform not 750–950 mm in height	324

Schedule 3 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
5(2)(e)(ii)	Handrail on side of platform < 200 mm length	324
5(2)(e)(iii)	Handrail on side of platform not between 30-35 mm diameter	324
5(2)(e)	Handrail on side of platform not at constant height while in operation	324
5(2)(f)	Lift platform not provided w/ restraining device/restraining device positioned < 625 mm/ > 950 mm above platform	324
6(a)	Notice/pictogram does not have lettering size as specified	324
6(b)	Notice/pictogram does not have contrasting colour	324
7(a)	Ramp not capable of 275 or more kg load placed as specified	324
7(b)	Ramp's maximum gradient is not 1 in 4	324
7(c)	Ramp is < 760 mm wide	324
7(d)	Ramp surface is not skid-resistant	324
8	Ramp not secured as specified when stored	324
9(1)	Posted accessibility symbol not maintained in good condition	324
9(2)	Accessibility symbol does not comply w/ requirements	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
2	Not provided w/ mobility aid securement/MASOR system in accordance w/ CSA Standard Z605	324
3(1)(a)	MASOR system does not have 2 belts on front/back for securement points	324
3(1)(b)	MASOR system does not incorporate a means of adjustment to remove slack	324
3(2)	Securement for mobility aid is not independent of occupant restraint	324
3(3)(a)	MASOR system components do not minimize possibility of inadvertent release	324
3(3)(b)	MASOR system component parts are not secured	324
3(4)	Threaded fasters not prevented from vibrating loose	324
3(5)	Release mechanisms require engagement/disengagement of threaded fasteners	324
3(6)	MASOR system anchor point permits installation > 16 mm above floor	324
3(7)	Adjustment devices not capable of being operated w/o tools	324
3(8)	MASOR system's hardware components disengage from securement point when system goes slack	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
3(9)(a)	Installation/re-installation of MASOR system's hardware components involves removal of material from mobility aid frame	324
3(9)(b)	Installation/re-installation of MASOR system's hardware components involves deformation of mobility aid	324
3(9)(c)	Installation/re-installation of MASOR system's hardware components involves use of adhesive process	324
3(10)	MASOR system's hardware components in contact w/ occupant/attendant have burrs/sharp edges	324
3(11)	Securement end fitting not smooth/corners/edges have burrs/sharp edges	324
4(1)	Min. floor space of 685 mm x 1.22 m not provided for mobility aid	324
4(2)(a)	Handi-bus using Type 1 restraint	324
4(2)(b)	Handi-bus using Type 2 restraint	324
4(3)	Anchor point not capable of w/ standing forward/rearward static loading of 1600 kg	324
4(4)	Type 2 occupant restraint does not meet CSA Standard Z605	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
4(5)	Type 2 occupant restraint not provided at outboard mobility aid position	324
4(6)	Type 1/Type 2 occupant restraint not provided at inboard mobility aid position	324
4(7)(a)	Type 2A occupant restraint does not pass over left/right shoulder of occupant	324
4(7)(b)	Type 2A occupant restraint is not marked to indicate shoulder orientation if designed for one shoulder	324
4(8)	Seat belt assembly components do not meet CMVSS Standard 209	324
4(9)	Anchor points do not meet strength requirement of CMVSS Standard 210/upper torso anchor point not maintained in accordance w/ requirements	324
4(10)	Common anchor point of mobility aid securement system and occupant restraint system is not capable meeting load requirements as specified	324
5(a)	Padding not made of closed-cell urethane foam/rubber/vinyl-type material/< 5 mm thick	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
5(b)	Padding not made of extruded polyvinyl chloride tubing/< 13 mm thick	324
6	Handi-bus exhaust system does not direct exhaust away from bus body/loading area	324
7	Rear bumper of handi-bus not removeable from chassis frame	324
8(a)	Handi-bus does not have ambulatory entrance door in specified location	324
8(b)	Ambulatory entrance doors do not have means to secure against unintended closing	324
8(c)	Front section does not open outward on split-type door	324
8(d)	Vertical closing edges of split-type/jack-knife type door is not provided w/ 25 mm or more of flexible material between door panels	324
8(e)	Handi-bus emergency exits not provided w/ means of securement against unintended closing	324
8(f)	Ambulatory entrance door opening < 1.93 m height is not padded as req'd	324
8(g)	Handi-bus doors not provided w/ drip moulding above door opening	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
8(h)	Mobility aid entrance w/ lift/ramp installed, does not have req'd 760 mm width/1.4 m height	324
9(a)	Handi-bus steps are not covered w/ skid-resistant material	324
9(b)	Handi-bus steps do not have contrasting colour strip as specified	324
9(c)(i)	Handi-bus first step higher than 380 mm from ground	324
9(c)(ii)	Handi-bus steps exceed 230 mm in height	324
9(c)(iii)	Handi-bus steps exceed 25 mm in height variation	324
9(c)(iv)	Handi-bus steps are < 215 mm in depth	324
9(c)(v)	Handi-bus steps are < 400 mm in width	324
9(d)	Handi-bus steps are not same depth	324
9(e)	Handi-bus step nosing at floor level not flush w/ floor	324
10(a)	Handi-bus has no automatic light for lift platform/ramp	324
10(b)	Handi-bus has no automatic light for steps	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
11	Handi-bus floor is not covered w/ skid-resistant material	324
12(a)	Mobility aid position not forward facing in vehicle w/ g.v.w. < 7000 kg	324
12(b)	Mobility aid position not forward or rearward facing in vehicle w/ g.v.w. of or > 7000 kg	324
12(c)(i)	Ambulatory passenger seating distance from seat ahead is < 685 mm	324
12(c)(ii)	Ambulatory passenger seating has < 380 mm for rump width	324
12(c)(iii)	Ambulatory passenger seat cushion is < 400 mm/< 480 mm in height	324
12(c)(iv)	Ambulatory passenger seat is < 380 mm/> 430 mm in depth	324
12(c)(v)	Ambulatory passenger seat cushions not level/not sloping downward	324
12(c)(vi)	Ambulatory passenger seat back is < 380 mm high	324
12(d)(i)	Handi-bus does not have clear width of 760 mm for mobility aid movement	324
12(d)(ii)	Handi-bus does not have Type 1 occupant restraint for each seat used by disabled person	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
12(e)(i)	Handi-bus grab bars/handles are < 20 mm in diameter	324
12(e)(ii)	Handi-bus unpadded grab bars/handles are > 50 mm in diameter	324
12(e)(iii)	Handi-bus padded grab bars/handles are > 75 mm in diameter	324
12(f)	Handi-bus interior not free of non-essential projections	324
12(g)(i)	Stanchions not equipped w/ non-rotating padding	324
12(g)(ii)	Grab bars/handles not equipped w/ non-rotating padding	324
12(g)(iii)	Guard rails not equipped w/ non-rotating padding	324
12(g)(iv)	Exposed stationary parts of lifts/ramps not equipped w/ non-rotating padding	324
13	Location of emergency equipment not clearly marked	324
14(1)(a)	Accessibility symbol not affixed on rear/left of centre of handi-bus	324
14(1)(b)	Accessibility symbol not affixed on front/right of centre of handi-bus	324
14(1)(c)	Accessibility symbol not affixed on both sides/behind driver's station of handi-bus	324

Schedule 4 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
14(2)	Accessibility symbol does not comply w/ CSA Standard CAN/CSA B651	324

Schedule 5 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
2(1)	School bus chassis/front bumper not in black colour	324
2(3)	School bus hood/cowl/fender not in National School Bus Yellow colour	324
2(4)	School bus outside surfaces not painted in lusterless black	324
3(1)(a)	Exhaust system not attached to chassis	324
3(1)(b)	Exhaust system's cross sectional area of tailpipe is reduced	324
3(1)(c)	Exhaust not directed behind rear axle/away from body	324
3(2)	Tailpipe of Type B/C/D school bus does not extend to rear edge of rear bumper	324
3(2)(a)	Tailpipe extends > 25 mm beyond rear edge	324
3(2)(b)	Tailpipe located w/i 150 mm of left/right of emergency exit	324
3(3)	School bus exhaust exits directly beneath emergency exit	324
4(1)(a)	School bus speedometer does not function properly	324
4(1)(b)	School bus odometer does not function properly	324

Schedule 5 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
4(1)(c)	School bus ammeter/voltmeter does not function properly	324
4(1)(d)	School bus oil pressure gauge/indicator does not function properly	324
4(1)(e)	School bus coolant temperature gauge/indicator does not function properly	324
4(1)(f)	School bus fuel gauge does not function properly	324
4(1)(g)	School bus high beam headlamp indicator does not function properly	324
4(1)(h)	School bus turn signal indicator does not function	324
4(1)(i)	School bus hazard light indicator does not function properly	324
4(2)	Air system pressure gauge not maintained as specified	324
5(1)	Modifications made to school bus steering apparatus	324
5(2)	Clearance between steering wheel rim and other surface is < 50 mm	324
6(1)	School bus tires not same size/load rating	324
6(2)	School bus spare tires not mounted underneath bus	324

Schedule 5 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
7	School bus rear bumper not properly attached to chassis frame	324
8(1)	School bus body not National School Bus Yellow	324
8(2)(a)	School bus body rear bumper not in black	324
8(2)(b)	School bus body rear bumper not covered w/ black retroreflective material	324
9(1)	Flexible material of vertical closing edges of service missing/damaged/hardened/worn	324
9(2)(a)	Top interior edge padding of service door opening is < 75 mm wide	324
9(2)(b)	Top interior edge padding of service door opening is < 25 mm thick	324
9(2)(c)	Top interior edge padding of service door opening does not extend full door opening width	324
9(3)	Manual emergency release mechanism does not operate smoothly from interior/exterior	324
9(4)(a)	Emergency door release lettering not in black	324
9(4)(b)	Emergency door release lettering < 25 mm high	324

Schedule 5 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
9(4)(c)	Emergency door release lettering stroke width is less than specified	324
9(4)(d)	Emergency door release exterior lettering does not have yellow background	324
9(5)	Lettering adjacent to exterior emergency release mechanism not in contrasting colour	324
9(6)(a)	School bus service door < 1.727 m high	324
9(6)(b)	Type A school bus service door < 584 mm wide	324
9(6)(c)	Type B/C/D school bus service door < 610 mm wide	324
10(1)	School bus emergency exit does not meet original specifications	324
10(2)	Emergency door/roof hatch/window not capable of opening from inside/outside of bus in operation	324
10(3)	Emergency exit device preventing operation does not function properly	324
11(1)	Swinging rear emergency door contacts rear of bus	324
11(2)	Positive door-opening device of emergency door does not function properly	324

Schedule 5 – Commercial Vehicle Safety Regulation (AR 121/2009)

(Traffic Safety Act)

A ticket issued for any offence under this Schedule that has a specified penalty must, subject to the public interest exception, be issued under Part 3.

Section	Particulars	Total
11(3)(a)	Emergency door padding is < 75 mm wide	324
11(3)(b)	Emergency door padding is < 25 mm thick	324
11(3)(c)	Emergency door padding does not extend full width of top interior door opening edge	324
